Allison Schulnick @ Mark Moore Gallery

June 22, 2012

One of my favorite painters, Allison Schulnick has a solo exhibition, "Salty Air", at Mark Moore Gallery. This exhibition is up until July 7, 2012. If you are in the Los Angeles area I highly suggest you make your way to see this amazing show while it is still up. Allison Schulnick's gruesome/comical paintings reach into Painting History, and also seem to play with the history of Fiction.
